

## CITY DIRECTORY SEARCH BY ADDRESS

City directories did not have an index by street address until 1903. However, indexes have recently been completed for the years 1884, 1890, and 1900. For directories other than these, the searcher must search by the occupant's name. Wives were not listed until 1919. La Crosse underwent a complete street renumbering in 1883.

Year	Occupant(s)	Occupations
